Brigadier General W. H. Burgess
Deputy for Intelligence
Air Defense Command
Ent Air Force Base
Colorado Springs, Colorado

Dear Woody:

I am sorry to have missed your phone call this morning and the chance to have a chat with you. Your message as relayed to me was that you had seen and would like to receive a copy of the Special Supplement to SWIE 11-8-54.

There is and will be no such supplement to SWIE 11-8-54 because the IAC representatives reviewed and decided against submitting the 27 August draft to the IAC. Nevertheless, although that draft cannot be considered authoritative or official in any way, I am enclosing a copy as a matter of interest to you.

Best regards,

Robert Amory, Jr.
Deputy Director/Intelligence
